FORTIETH YEAR NO. 9.

CEDARVILLE, OHIO, FRIDAY, FEBRUARY 16, 1917

PRICE, \$1.00 A YEAR

SATURDAY NIGHT SHOOTING AFFAIR CREATES STIR.

Prominent Young College Student
Came Near Being Victim of Negro's
Revolver—No Arrests Have Been
Made as Peter Bruce Has Left
For Paris Unknown.

Once more the village is called upon to read of a disgraceful affair that happened at the A. M. E. church last Saturday night. Not only this, but the life of an innocent young man probably was spared by chance in that the bullets of a revolver in a wild man's hand missed him.

Peter Bruce, colored, for many years a resident of this section and a man unusually prominent in colored church circles, figured in a very sensational episode which involves the wife of another colored man, the whole affair taking place about midnight at the A. M. E. church.

For the past two years a man by the name of Charles Paschal, who resides in one of D. S. Ervin's houses and works at the quarry, has complained to the officers of the attention Bruce was paying to his wife. It so happened that Bruce was able to evade both officers and Paschal as to wrong-doing.

Paschal's wife not being home Saturday evening, a search was started which ended at the A. M. E. church where the two were found together about midnight. Paschal instead of notifying the officers, became excited and started an alarm in the community to arouse the residents. In the meantime Bruce and the woman made exit from the church from a rear window. Paschal claims that Bruce shot at him twice from the church.

By this time a number of residents were aroused and became interested in the trouble. Paschal fearing to continue the search in the darkness, went home for a loaded shotgun. Upon his return it seems Bruce had come near meeting him and he had the best of the argument and Paschal started to run. The course was about various residences in that section.

When Bruce arrived at Bridge and Cedar streets he saw a form in front of Stewart Townsley's residence and instantly fired, thinking Paschal had emerged from between the houses.

It so happened that Mr. George Smith, of Spring Valley, college student, was leaving the Townsley home just at that time. Hearing the shot he dodged back onto the porch just as another was fired.

Bruce being commander of the situation, continued the search for the woman who was supposed to have been lost in the darkness. Where she landed we have failed to learn.

Paschal applied on Monday for an affidavit against Bruce but Mayor McLean being unable to leave his duties at the school house, did not get the necessary papers made out until Tuesday morning. In the meantime Bruce left for parts unknown.

Bruce just recently was divorced by his wife, he having left the home two or three years ago to board with another woman. Once before the officers investigated his case and receipts were shown as to his standing as a boarder.

Over a year ago Paschal was taken up by the officers on some charge and was supposed to be in jail. This gave Bruce full liberty of the Paschal home. Not thinking that Paschal might be liberated during the night, it was some surprise when the husband entered his home. Bruce was in bed and without taking leave by the door went out a window headfirst taking the entire snafu with him.

Conditions at the A. M. E. church for the past two years almost warrants closing the place unless the members and church officials who do not sanction what happened Saturday night take a more decided stand. It has been common knowledge to many people that the latch-string was out to everyone, seldom are the doors locked. Bruce has had full sway at the church for several years and was instrumental in having several of the best members put out because they disagreed with him.

A very serious charge will be placed against Bruce for the part he had at the church Saturday night, the fine being \$500. His exit from the community will be a welcome as a fine.

LIKES THE HERALD.

Mr. R. R. Barber, manager of the Omaha branch of the Washburn-Crosby Co., and a former Cedarville boy that has made good in the commercial world, keeps in touch with home affairs through the weekly visit of the Herald. Mr. Barber states that he gets much pleasure out of reading about the happenings of home folks in whom he is always interested. He was much pleased with the likeness of the elegant new school building which appeared some weeks ago, a building that should be of great credit to the town. Other improvements are also noted, such as the Main street paving. More factories are urged which will give the old town a real boom.

SUIT FOR PROPERTY RIGHT.

Mr. Andrew Jackson has brought suit against Mrs. J. C. Barber as administrator of the Robert Hood estate who recently filed suit in partition for disposition of the real estate.

Mr. Jackson claims that part of the Hood estate came to the deceased by the will from his sister, the wife of Mr. Hood, who died in February, 1915. Only one-half of this estate is due the Hood heirs, the remainder under the will falling to Mr. Jackson, the heirs of Joshua Jackson, Mary Nash and Phoebe Reed who were brothers and sisters of Mrs. Hood. W. L. Miller is attorney.

COUNCIL MEETS COMMUNITY CLUB MEMBERS

Some time ago at the banquet of the Community Club, a fire was expressed and resolved that there be a more strict enforcement of the law relative to the liquor situation as well as to the modes and manner in which people were living here.

President S. C. McLean spoke for the Community Club in his opening remarks, explaining that it was not the purpose to be an agent of the local officials, but that they might be closer co-operation to the enforcement of certain laws, namely, the liquor, gambling, as well as some others. No special plan had been devised by the Board of Governors as to procedure, the matter being left to the officials.

Mayor McLean called upon a number of citizens for remarks. Mr. D. S. Ervin stated that he was convinced that it was almost impossible to convict bootleggers on account of the fact that they were offered Men would make a profit one time and when called upon the stand would testify to something different. Mr. Ervin referred to a speech Mr. Earl Crow made at the community club banquet in which he (Crow) alluded to him being instrumental in asking the officers for the return of a man named Wallace, who had been ordered out of town by the officials. If there is a sentence against that man, let it be enforced, for I do not want to keep a man in jail who I have another man who thinks is living as Wallace is, but as long as men vote to license the liquor traffic and help men commit murder, we cannot expect these men to live different. My experience with liquor is that most of them drink and the responsibility is upon those who vote for political parties that stand for license, making it possible for men to get drunk and commit crime.

Mayor McLean stated that so far as he knew the officers had been conscientious in what had been done. That a number of cases were not disposed of as he would like to have done, but lacking in evidence there was nothing to do but dismiss them. To send cases to higher courts on that kind of evidence would result in them being thrown out. A man can be committed to have to have the proof.

Member Ross of Council, made the best speech of the evening and it was well received, as was evidenced by loud applause. Mr. Ross dwelt on the responsibility of citizens as well as the officers. That it was just as much the duty of a private citizen to file charges on wrongdoing as it was the officers. That the officers have more than enough to do as it is. There has been a lack of co-operation along that line. Some officers have been accused of being unfair and complacent towards the community matters unknown to anyone other than the one giving information, yet that same party would not permit his name to be used when the case was called in court. Council stood ready to pass the necessary ordinance for pool room regulation but what have the people done to provide a place for the boys to play pool? Touching on local conditions Mr. Ross pointed out where most of the trouble of the village originates. The men who own the property where these people live and make it possible for this class to be fastened upon good people.

Mr. Ervin's attention was called to the fact that he has just rented a house to a murderer, a man that shot another in a drunken brawl on the Mangum farm on the Federal pike some weeks ago. That he had rented his property to undesirable persons that have been a source of trouble for every officer in this town for years back. When the houses owned by Mr. Ervin, W. P. Townsley and the Harper estate are cleaned up, the problem of better government for Cedarville is solved.

Dr. Stewart of Council, emphasized the fact that people should be cautious as to who they rented their property to and if they found that same was being used wrongfully, order the tenants out. It is the duty of citizens to file papers as much as the officers.

Member McFarland reviewed the situation having served at one time as mayor, and what he had to contend with. The greatest trouble was not with the lower element but getting the better element to stand by him or to give him some proof that conditions were as complained of. The tendency usually was to want to hide behind the officer. Conditions cannot be bettered until the good people of the town step to the front.

Dr. J. L. Chesnut saw the situation as others viewed it and he wanted to heartily endorse Mr. Ross' speech. More interest should be displayed by loyal people who should be back of the officials who were trying to do their duty. He knew of no place where liquor was sold, so far as actual evidence was concerned. It would be impossible for him to buy a drink. It is hard to convince those who live in adultery. But we can do our best and apply a remedy that would keep such people out of the community. Let the officers notify Mr. Ervin and the others in legal way to get rid of this class of tenants and all other property owners as well who rent to such people, for if we are interested in this work, we will have these houses vacated and not let dollars and cents stand in our way. As a citizen I pledge my support in this work.

Weak Natures.

There are natures in this harsh world so timorous, sensitive and helpless in themselves that the utmost stretch of indulgence and kindness is needed for their development—like plants which the warmest shelf of the greenhouse and the most watchful care of the gardener alone can bring into flower.

Your last chance this year. Hear the ladies' orchestra Tuesday evening. There are eight charming young women in the organization.

THE COAL SITUATION.

Nearly every exchange that came to our desk last week made some reference to the coal situation in that locality. Xenia has been facing a serious problem for several days. It has been necessary to resort to the use of cord wood to keep the Y. M. C. A. building warm.

Jamestown, on a coal road, is as bad off as most other towns. Last week people from that vicinity wanting hard coal, had to come here for it.

Yellow Springs and Osborn people have been compelled to get coal wherever they could, due to the shortage. Last week one of our local firms sent coal into that territory.

Mr. F. F. Hastings stated to the Herald Monday that they were some coal and are trying to make it serve as many people as possible. Seeing the situation, this firm went into the market and purchased any kind of coal they could get regardless of the price. Neither Andrew Bros. or D. S. Ervin have had coal for several days.

What is likely the largest cash land deal in the county is the reported sale of the 441 acres Clemons farm to Mr. George Little for \$125,000, making the consideration \$55,125. The farm belonged by inheritance to Mrs. Jesse Taylor, of Jamestown. In the contract Mr. Little takes over a half interest in the live stock, which will run to total over \$60,000. Possession will be given in March.

The farm has been occupied by Mr. Fred Welmer and under his capable management is said to have proven an extraordinary investment. Large crops of wheat and corn are produced each year and several hundred head of cattle and hogs are fed.

Mr. W. L. Clemons, the real estate man, made the deal. Mrs. Taylor still has over 400 acres that adjoins the land just sold.

The new \$80,000 school building at Cedarville was dedicated last week. It is credited with being one of the finest buildings of the kind in this section of the state and is quite a credit to the people of that thriving village.—South Charleston Sentinel.

FOR SALE—I have for sale a very desirable, centrally located piece of property in Xenia, which will rent to good tenant to pay 10 per cent per annum. The price is \$5,000, but time can be had on much of this, if desired. No better location in town, only one square from court house. As an investment this would be first class. See A. W. Troskie, No. 39 Green street, Xenia, Y. M. C. A. Building.

FOUND WATER IMPURE.

The local board of health some time ago stopped the cutting of ice on the D. S. Ervin pond at the quarry under the belief that the water was composed of eight charming young impure, there being all kinds of fifth ladies that are artists on their individual instruments. Everyone likes the water were sent to the state board of health for an evening's entertainment. The ballots for the election of water to be impure and contaminated at the next committee will be taken up and unfit for domestic or drinking at the door Tuesday evening. If you do not have a ballot, ask at the door.

THE LAST NUMBER.

The last number of the Cedarville lecture course will be given in the opera house Tuesday evening, February 20. The L. A. C. orchestra is under the belief that the water was composed of eight charming young impure, there being all kinds of fifth ladies that are artists on their individual instruments. Everyone likes the water were sent to the state board of health for an evening's entertainment. The ballots for the election of water to be impure and contaminated at the next committee will be taken up and unfit for domestic or drinking at the door Tuesday evening. If you do not have a ballot, ask at the door.

FORD ANNOUNCEMENT!

Hundred of unfilled orders for Ford cars are still held by our agents in the cotton growing districts of the south. Our northern assembly plants are working up to their capacity to fill these orders. Under normal conditions we should have 100 Ford cars on hand for the spring rush, but naturally we are not permitted to stock cars while other dealers cannot fill their immediate orders. If you are contemplating the purchase of a Ford car in the spring, anticipate the shortage that will prevail and BUY NOW. The factory will fill your orders for immediate delivery for a short time only, after which time we can make absolutely no promise on deliveries.

Mr. W. W. Crowell, administrator of the estate of the late Rose McMillan, will sell the residence property on Saturday, March 17, at 2:30. The appraisal was \$800.

The Art Exhibit consisting of at least two hundred pictures will be ready for display in the High School Auditorium, Wednesday, Thursday, Friday and Saturday, Feb. 21 to 24, from 2 to 5 and from 7 to 10 o'clock. Special attraction each evening.

A bill has been introduced in the legislature that has the backing of most all the educational institutions. It provides for county district libraries over the state without disturbing any existing county, township or municipal library. A county library district is provided for every county in the state that does not now have a county library system. The trustees are to be appointed by the Common Pleas Judge of the county for a term of five years. There is no pay connected with the position.

Emblem of Dayton Retail Trade Bureau

Doubly interesting is a jaunt through Dayton's splendid shopping district now. Sales of decided importance from an economic standpoint are in progress—sales of Furniture as well as Wearing Apparel.

The reductions in prices are such as to amply repay the out-of-town shoppers; even those coming from great distances, as so many do.

The ladies, quite naturally, are curious to see what Dame Fashion is decreeing for Spring, and the various stores are showing the new styles in Coats, Dresses, Millinery, Boots, etc. Incidentally, pretty much is being sold.

So we say a visit to Dayton now is doubly interesting. Come—preferably on Wednesday, Suburban Shopping Day.

INTERNATIONAL SUNDAY SCHOOL LESSON

(By E. O. SEILLERS, Acting Director of Sunday School Course, Moody Bible Institute.)
(Copyright, 1917, Western Newspaper Union.)

LESSON FOR FEBRUARY 18

JESUS HEALS NOBLEMAN'S SON.

LESSON TEXT—John 4:46-54.
GOLDEN TEXT—As thou hast believed, so be it done unto thee.—Matt. 8:13.

This event occurred a few days after that of last Sunday's lesson. It was Jesus' second miracle in Cana. John the Baptist is still preaching, and Jesus is closing the first year of his ministry and beginning his work in Galilee. Teachers should bring a vivid picture of Galilee to their classes, as that was one of the important fields to which our Master devoted much of his time. (For description see some good Bible dictionary.) The people of that land were more worldly, less bound by conventionalities, and more accessible to the teachings which Jesus brought than those of Judea. Josephus says they were "fond of innovations, and disposed to changes."

Supplication (Testing) vv. 43-49. Jesus left the revival at Samaria (vv. 33-44) and returned to Galilee. His own people of Nazareth refused to accept him "for a prophet hath no honor in his own country." It was in Galilee that he had his great victories. Here he was welcome (v. 45) because they had known the things that he did at Jerusalem, the report of which was brought back by those who had visited the feast (John 2:14-17). In Cana (Ch. 2:11) one came to him who was a king's officer, one who was used to command, and whose great personal need overcame any prejudice (Matt. 23:8, Luke 7:22). Still these afflictions refused to drive us to him, and the most effective way to induce men to come to Jesus is to bring them to recognize their need which he alone can supply. The lad was "at the point of death," hence the father's journey of twenty miles from Capernaum to Cana, seeking help. We have here the weakness of faith indicated in verse forty-eight, in that the man would not believe except he should see signs and wonders. We have also the earnestness of the man in verse 49. "Sir, come down ere my child die." Man's extremity is ever God's opportunity. Not only extreme cases of sickness can be brought to him, but extreme cases of sin as well (1 Tim. 1:16; Heb. 7:25). He can heal not only those who are "at the point of death" but those who are already dead (Eph. 2:1). The child was dying, the father had not strength to wait to see wonders, but he could and did trust Jesus to heal his son.

The proprietor of a Georgia seed store adopted a novel method of extracting the seeds from a special variety of watermelon, which he wished to introduce, and of which he had a number of specimens. The melons were cut and a great crowd of negroes were invited in from the street to eat their favorite fruit free. All that was required of them besides eating melon was to save the seeds.

Bird's Nest on Clock.

A peculiar location for a bird's nest is the top of a schoolroom clock. For the tenth time in as many years a linnet has built her nest over the clock in a country school in California. The windows are let down from the top to admit the birds, who appear about the same date every year to build their nest.

Others.

Our talking much about ourselves shows how little we are thinking about others. If we are as much interested in others as we ought to be, others would seem to us to be talking of a stranger when they speak to us of ourselves. To talk about ourselves seems shallow and lame to us, when we see how much meaning there is in the word "others."

HUTCHINS FOR HARNESS

SPRINGFIELD, OHIO

106 West Main St.—Near Center

Harness Is Our Life Work

We neither know nor pretend to know anything much about dry goods, fancy articles or in fact and kind of merchandise excepting harness, but, WE DO KNOW THAT.

HERE'S THE PROOF

First we have the largest stock of harness in the state, second, our harness is the kind that makes steady reliable customers, third, being interested in harness alone we are in a position to know what is going on in the leather market at all times and always make our purchases accordingly.

WHAT DOES THIS MEAN TO YOU?

It means that when you are in need of harness you can come here with the absolute assurance that your selections will be made from the largest, best and most reasonably priced stock in the State of Ohio.

PURELY PERSONAL

Miss Wilma Spencer, who teaches at Kingston, O., is home with the grip.

Mr. and Mrs. Reber Dicks, of Dayton, spent several days here last week.

Mrs. Sallie Paulin, of Jamestown, has been the guest of Cedarville friends for the past week.

A nine pound daughter arrived at the home of Mr. and Mrs. Earl Crow, Thursday.

Mrs. Harry Wilson, who has been very sick with something like appendicitis, is much improved.

Mrs. J. W. Patton continues to improve following her attack of typhoid fever.

The L. A. C. orchestra pleases audiences wherever they go. You will enjoy hearing them Tuesday evening at the opera house.

Mrs. Ervin Faris was called to Cleveland last week by the illness of her sister-in-law, Mrs. Ed. Faris.

Mr. Ralph Murdock is having a new gasoline filling station placed in front of his saleroom.

Mrs. John M. Finney has about recovered from a very severe attack of pneumonia.

The Ross township high school team was defeated by the local high last Friday night by a score of 110 to 17. The game between the two girls' team was 10 to 6.

The plat for the last number on the lecture course opens at Johnson's Saturday afternoon.

Mrs. J. Lloyd Confar is spending the week with friends in Sidney, O.

Take all the family to the last number of the lecture course. Children like music, especially instrumental music by an orchestra.

The meeting arranged for the Parent Teachers' Association on Saturday when Mrs. Teats of Chicago was to speak has been postponed.

Mr. Ray Lawrence, wife and son, of Cincinnati, and Mrs. Vance Burba and daughter, of Norwood, are visiting Mr. and Mrs. J. C. Grindle.

Mr. Barton White suffered an attack of heart trouble in Cooper's grocery last Saturday and for a time his condition was very serious. Dr. E. C. Oglesbee was called and administered medical aid.

It has been some time since the last number of the lecture course. You will want to hear the last one Tuesday evening. Plenty of instrumental music by a ladies' orchestra.

Mr. and Mrs. J. C. Barber and son, Warren, spent Sabbath in Cincinnati, with Mr. J. Fred Barber, of Macon, Ga., who is in that city for his health. The latter is just recovering from a severe attack of pneumonia, and upon the advice of his physician, came north for a time.

Mr. Charles Marshall and Hon. George Little have gone on a trip to Florida, where they will enjoy the southern climate for a time. Mr. Little has taken his family with him and their first stop will be at Orlando, Florida.

The Men's Bible Class of the M. E. church enjoyed an oyster supper in the church parlor Monday evening honoring Lincoln's birthday. Dr. W. R. McChesney was the speaker of the evening, giving an address on the life of the former president and honored and beloved citizen.

The second annual band concert will be given by the S. of V. Band on Friday night, March 16. Admission 25 cents. The band boys have kept up practice through the winter and are arranging a good program.

During a "talkfest" of the "Never-Work" club in South Charleston the subject of discussion was tobacco. D. L. Thompson and C. L. Robb were the speakers. Both announced they were willing to dispense with the use of tobacco in any form. A novel wager binding both was made and agreement signed for one year, whichever violates the agreement forfeits \$100.

Word has been received by Mrs. Little Lemerick, who makes her home with Mr. Andrew Jackson, announcing the death of Miss Mary Ann Martin, on Feb. 5, in California. The deceased was the daughter of the late David Martin, who resided on the farm now owned by Mr. Enos Hill.

Ohio is to have the National Dairy Show in Columbus next October, the largest event of interest to farmers, breeders and dairymen that ever came to the state. It was necessary to provide a special building to house this show and the legislature has passed a bill providing \$200,000 for a huge structure on the State Fair Grounds. Ohio needs just such a structure where great crowds can be accommodated and the fair grounds was the place for it. Mr. R. D. Williamson is a member of the State Board of Agriculture which had much to do with getting the dairy show for this state.

Mr. Cliff Sutton, of the Bijou Theatre in Xenia, announces in this issue the coming of that photo play "Civilization" on February 21 and 22. We wish to recommend this picture to everyone old and young for it is not only the greatest achievement of the photo play profession but is an educational treat. It is the most timely picture on the screen today as it deals with the making of war starting back in Biblical times to prove that the rulers and people of today are not heeding the teaching of Christ. Postmaster Turnbull and the writer saw this wonderful as well as truthful picture in Columbus last month. It is worth a trip of many miles to see and Manager Sutton has brought it almost to your door.

The automobile show number of the Indianapolis Star broke all records this year as it did last in amount of business carried. The main automobile section consisted of 66 pages while the entire issue of the paper was 116 pages. There were 232.31 columns of auto advertising alone. Each paper weighed 1.7 pounds and eighty-nine tons were required for the issue. Each paper sold cost the Star Company two cents more than the selling price to agents and carriers. Mr. Frank Bull, formerly of this place, who handles the automobile advertising for the Star had the honor of breaking his own record of last year. Mr. Bull expects to visit at home over Sabbath.

An accident that might have proven very serious happened to the M. C. Nagley auto Tuesday while Noah DeValt was driving on his trip gathering the school children from Hazel School district to bring them to town. The steering apparatus gave away and the machine left the road turning completely over. The top and windshield were damaged beyond repair beside other minor damage. The driver was bruised but nothing serious. It was very fortunate that none of the children were in the machine at the time.

Little Jean Kohl, niece of Mrs. Anderson Finney suffered an unusual accident Wednesday when the gas in a coal stove exploded and burned her hair, eye brows and lashes. The family had just returned home from a trip and the little girl stepped to the stove to warm just as the gas exploded. The fact that she had not removed her hood is probably what saved part of her hair. It is not thought her sight was injured. Mr. and Mrs. L. R. Kohl have been guests at the Finney home for some time but expect to return to their home in California next week.
